B&C LIGHT PACK CONCEPT

PROTECTION + LIGHT + COMPACT = MINIMUM VITAL SPACE
FOR MAXIMUM PROTECTION AGAINST RAIN AND WIND

B&C COOLSTAR DUO

minimum vital space, maximum warmth

B&C reinforces its **engineered** fleeces line with 2 ergonomic full-zip micro fleeces: the **B&C Coolstar /men** & **B&C Coolstar /women**.

Created to be a **"light pack concept"** style, they feature all the advantages: **high insulation, light, compact and packable**.

This new Duo is made of **Ultra light high performance** micro-fabric to feel warm everywhere and in style. The ergonomic body and sleeves shapes allow real freedom of movement. In terms of look, this full-zip fleece duo permits versatile coordination.

You have plenty of styles options weather you go for the layered look, or wear them as a simple outer jacket.

DUO CONCEPT

B&C DYNAMIC

minimal weight, minimal space

To deal comfortably with weather versatility, you need a light, compact and packable solution. You need the B&C Dynamic. Super lightweight, wind-resistant, water-repellent, packable, made of noiseless fabric, media-player compatible and breathable, this windbreaker jacket fits easily into any pack.

You can have it when you need it and can pack it in its own pocket when you don't.

B&C SMART PACK CONCEPT

The **B&C SMART PACK CONCEPT** is a technology that combines properties allowing the product to have **maximum insulation** while still being ergonomic for a **minimum weight**. The compact design contributes to a packable solution that takes a **minimum space**.
